PM&C Secretary Ms Frame Mr Grigson Ms Steel Ms Quilty MrChisholm Mr Roper Mr de Burgh Mr Neil

PMO Dr Kunkel To: Prime Minister

ADMINISTRATION OF THE FIRST PFIZER COVID-19 VACCINE

Purpose: The Prime Minister to receive the first Pfizer vaccine to formally commence Australia's COVID-19 vaccine roll out

Timing and Venue: 11.00am -12.30pm, Sunday 21 February

Castle Hill Medical Centre Level 1, Castle Mall, 4-16 Terminus St, Castle Hill NSW 2154

(Talking points are at Attachment A \$22

Key Points:

- You and the Minister for Health and Aged Care, the Hon Greg Hunt MP will visit the Castle Hill Medical Centre in Sydney, NSW, to formally commence Australia's COVID-19 vaccine roll out.
- You will receive the first Pfizer vaccine along with the Chief Medical Officer, Professor Paul Kelly, and the Chief Nursing and Midwifery Officer, Adjunct Professor (Practice) Alison McMillan.

Australia's first shipment of 142,000 doses of the Pfizer COVID-19 vaccine arrived on Monday 15 February 2021.

•	The Therapeutic Goods Administration (TGA) has finalised its independent quality assessment ("batch release") of Australia's first batch of the Pfizer COVID-19 vaccine.

s22

- As I have said previously, the vaccination program is critical to Australia's ongoing management of the COVID-19 pandemic, and it's vital that as many people who can be vaccinated, are vaccinated.
- I've been clear that the Government's absolute priority is that the identified cohorts are prioritised in the vaccine rollout.
- However, it is an important show of public confidence for me and 2 of Australia's highest ranked medical officers to receive a COVID-19 vaccination.
- I have full confidence in the safety and efficacy of the COVID-19 vaccines approved by the TGA, and there is no better way for me to have demonstrated that than rolling up my sleeve and receiving a jab today.
- Many other countries around the world have taken a similar approach.
