Prime Minister of Australia
PO Box 6022
Parliament House
CANBERRA ACT 2603

Dear Prime Minister

I know that creating safe digital spaces and further protecting children online is a deep commitment for you and your government. I wanted to congratulate you on the significant global leadership you have shown on this issue.

This is a goal we very much share at Apple, where our profound commitment to user safety, privacy and security means we are continuously enhancing the trusted, industry-leading tools we offer to help parents protect their kids. Next week, we will be making several announcements in this area, and I would very much like to share more details with you. We will be making significant changes to improve safety features and controls available to parents, all backed by the best available research from clinical and child development experts. I believe our changes will complement the globally-leading work Australia is undertaking on online safety.

I very much hope that a call may be possible. My team is available to support in finding a mutually suitable time to speak.

I look forward to being able to discuss this very important agenda with you.

Yours sincerely,

s 22

Hi Tim, s 22 and s 22 — hope you're all well.

Please find attached correspondence from Apple CEO Tim Cook to the Prime Minister, congratulating the PM on his global leadership on online safety and flagging several upcoming announcements on that topic from us this week.

We're conscious the PM's calendar is busy, but Tim would appreciate the chance to speak with him about it on a call in the near future. Very happy to work with your teams to see what times might be possible.

Please don't hesitate to give me a call if it would be helpful to discuss.

Much appreciated — cheers

Ah, terrific! Thanks so much s 22 .

Great to meet you s 22 and s 22 . As mentioned to s 22 , I wanted to follow up the conversation between the PM and our CEO Tim Cook about a week ago, and the possibility of the PM visiting Apple Park in Cupertino (California) when he visits the US for the UN General Assembly.

Conscious you are probably flat chat with the sitting week, but let me know when you might have time to jump on a call. Look forward to speaking then.

Much appreciated — cheers

Great to chat ^{s 22} . And thanks again very sincerely for all the help in connecting the PM and our CEO Tim Cook last week.

As mentioned, I'm kicking off an email chain to follow up their discussion last week about the possibility of the two of them meeting in person, including potentially the PM visiting Apple Park in Cupertino. We would be delighted to host him.

Please feel free to pass my details onto the folk who are planning the itinerary. Very happy to chat at any time.

Thanks again — cheers
